

English Communication II

Course Introduction

This course is a continuation of English Communication I and aims to cultivate a basic ability to communicate in English in the community. Students will be divided into 3 levels: upper, middle, and lower. Through coordinated classes and materials, native English-speaking teachers will teach the four skills comprehensively, but focus especially on listening and speaking.

Goals:

1. Students will improve their listening ability through bottom-up processing dictations & top-down processing video exercises.
2. Students will do a 3-minute time-order and space-order presentation.
3. Students will expand their vocabulary knowledge through weekly exercises & testing.
4. Students will have many structured opportunities to express themselves in pairs and groups.

In class, you will practice dictation, listening comprehension, discussion and presentations with a partner and in small groups. In addition, you will do homework each week consisting of vocabulary building and listening exercises and dictation. Your grade is based on the following:

Grades:

Tests	40%
